

The

INTERLACHEN

1948

In The Garden of Meditation

FOREWORD

The sunny southland with its balmy breezes, waving palms, golden fruit, and billowy clouds will soon be a memory to many Florida Southern College students. In wintery months of future years they will recall the pleasant, warm afternoons spent in study on the campus lawn, in mid-February!

Likewise remaining but as memories to us all will be the pleasure of college life, the scholastic struggles, the athletic competition. Memories tend to serve as succor of life; when things seem dark, they keep us going until the silvery lining shows again.

Mindful of these future memories, the INTERLACHEN staff has attempted to record life at Southern college as students know it. All pictures in this edition were taken on the campus, with the exception of a few candid scenes, in order that graduates may recall the appearance of the college grounds in 1948, in Florida—

Where balmy breezes wave the palm
And shattered nerves find a balm,
Our ridge-land hills we view with pride
Where citrus flanks our country-side.
Great forests of the verdant pine,
The grey moss with old oaks entwine
And ideal climate here is found,
A joy to live the whole year 'round.

The President's Message

The editor of the Interlachen and all of his assistants, including the faculty adviser, can be congratulated on presenting us with an attractive publication. Besides showing good taste, it has unity and variety.

The publishing of this 1948 Interlachen means that the seniors of this year will leave their Alma Mater to continue work elsewhere. Some will go to graduate school; others will take up their life's work. To each one of them the blessings and good wishes of the college go. They join a host of alumni who for years have been reflecting honor and glory on their Alma Mater by their faithful service to God and mankind.

The Juniors and Sophomores will remain an active part of the college. They, with the coming Freshman class, will aid all of us—trustees, faculty, and students—to lead our Florida Southern College into larger fields of learning.

With increased facilities for carrying on our task and with a greater determination to seek after the better things of life, we will, together, create here on Hollingsworth Lake a greater institution of learning that will continue to send men and women into society with warm hearts for justice and a clear head to see the good.

My best wishes to every student for a good and safe vacation.

Yours very truly,
Ludd M. Spivey
President

DEDICATION

The Senior class and Faculty of Florida Southern College dedicate this 1947-1948 Interlachen to Mrs. Ludd M. Spivey, as a token of their great love and

appreciation for her services, friendship, loyalty, co-operation and many acts of kindness during the past 24 years. Mrs. Spivey, with her charm and personality, has won a place in the heart of every student, alumnus, and faculty member in the college.

Want A Beautiful Tan This Summer?

Then follow the example of a beautiful Florida Southern Co-ed
Betty Renegar who knows that she can get a lovely tan by using

DERMETICS* SUN SPORTS* LOTION

DERMETICS AGELESS BEAUTY* PROGRAM

*Will Keep You Lovely All
Your Life . . .*

Haven't you often wished that your face could be smooth, delicate-textured, youthful and lovely. Your complexion may not be of the exact fineness of body skin, yet, it is possible to have a finer complexion through better protection which leaves the skin free to perform the duties intended by nature.

DERMETICS intention is not to interfere with, but to aid in proper functioning of the pores, nerves, and capillary circulation of the blood within the skin. Its hydronized oils are especially designed to aid in proper cleansing of the skin, to effectively stimulate, to offer better protection, to aid in bringing out the natural beauty of your skin at its best.

BETTY RENEGAR

Whether you acquire your tan on the beaches, or on your roof, SUNSPORTS* lotion, gives your skin just the right amount of screening from the sun—to permit a tan—even on the most sensitive skins.

The new Derma Tan SUNSPORTS* lotion is made from ingredients which were proved under severe Army tests as being a most effective sunburn preventative.

WHAT DOES YOUR MIRROR SAY? Does it show you a skin clear and translucent, radiant in appearance? Let DERMETICS help you accomplish the complexion results you desire.

If you don't find DERMETICS at your favorite beauty shop or retail store, write Dermetics, Inc., 630 Fifth Avenue, New York City. We'll send you our booklet on skin care "The True Story of Your Skin," containing some amazing facts that every beauty conscious woman should know.

Varsity Basketball

The finest cage squad to represent Florida Southern in more than a decade, the 1947-48 edition of the Moccasins gained an even break in the first 16 contests of their 23-game slate.

Highlights of the campaign:

Mocs win opener from Orlando Army Air Base, 38-15—O'Brien outplays the highly-touted Riddle center, MacDonald, on two consecutive nights—Bob Ward covers Hatter ace Everett like a blanket as Mocs beat Stetson—Mocs play one of best games of season, only to lose as MacDill's Herb Cline goes wild—Chuck Terry tallies 22 as Southern gets revenge, O'Brien ably checking Cline—victory No. 2 over Stetson—"a heart-breaker," says Morland, as Jax Navy out-points Mocs, 77-72—Mocs rally in waning moments to overhaul Tampa—Spartans return the compliment with points to boot—Captain Joe Zovath holds Miami ace Whitey Campbell to a pair of field goals as Terry buckets 20 points—Miami takes windup of the twogame series.

Varsity Baseball

The Spring of 1947 marked Florida Southern's return to the intercollegiate baseball wars after an absence of 24 years. Not since the college was moved to Lakeland had there been a Moccasin nine.

The debut was not altogether an auspicious one. When the hurling was good and fielding adequate, the Moes couldn't buy a hit—such was the case through the first half of the season. When they began to find their batting eye, the opposition had a field day at the plate or the Moccasin infield came apart at the seams.

Net result: Some very good baseball games, but only 3 wins in 16 starts.

Back for the 1948 season are ten of last year's lettermen. Coach Vince Granell's biggest headache will very likely be in finding replacements for three missing outfielders.

Bright spots in the 1947 season: Jack Spittels southpaw slants, Joe Green's performance behind the plate, and the fancy fielding of third baseman George Hionides.

MIDNIGHT OIL . . .

It takes lots of studying to get ahead in school. In the business world it takes plenty of studying, too. How to serve our customers better, more efficiently. How to make their tough jobs easier. How to improve our service and cut our prices so that *everyone* can enjoy *all* the advantages of Sunshine Service GAS.

And just as your studying "pays off" in better grades and a better education . . . our studying pays off in making our city a better, more pleasant, more prosperous place in which to work and live.

Sometimes it is the nature of a craft to create an unbreakable tie between itself and the worker in that field, a heart attachment equal to lifetime devotion. One familiar example is PRINTING. Once editor, once compositor, or pressman catches the spirit of the shop, the spell is seldom broken. Like the odor of a camp fire, or a whiff of salt air, the beloved tang of printer's ink, symbolical of a great profession, gets into your heart and soul. School Annuals, Magazines, Newspapers and Special Printing, all smack of it. It is an invisible link that binds all intelligence together. It is the stimulus for creation in business or romance. This craftsmanship, this devotion to service and alertness to business needs, has nourished and developed an enormous industrial vitality, and whichever way the course of the future runs, the printer will always find himself able to adapt his helpfulness to new opportunity.

Years of experience have taught us! Printing Pays Us Only When It Pays You!
